

Fruit and Cars

By Aunty Ree and Harry Dean

How many pears are there?

Can you see the car?

How many apples are
there?

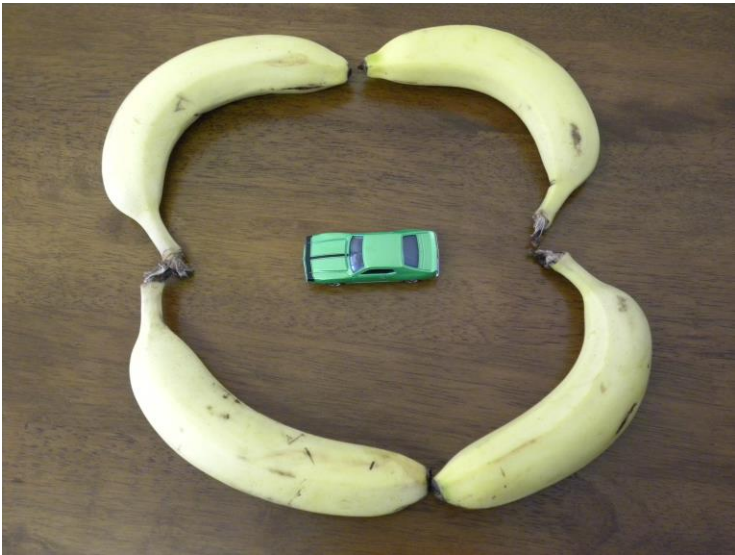

Can you see the car?

How many grapes are there?

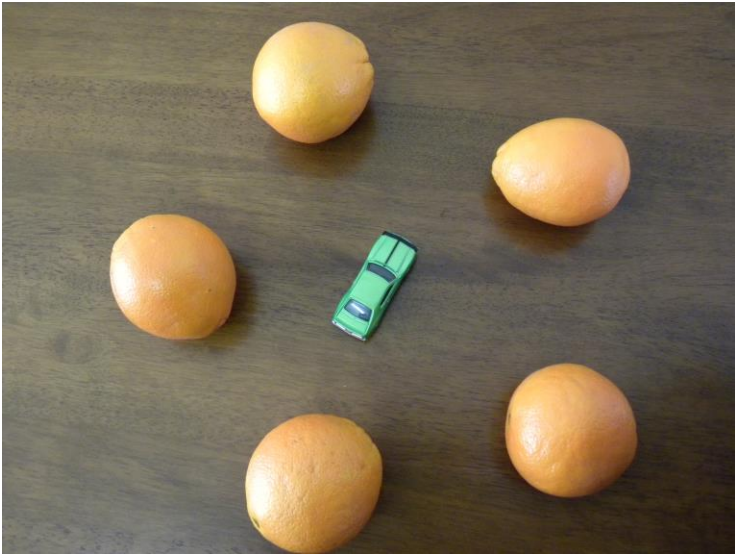

Can you see the car?

How many bananas
are there?

Can you see the car?

How many oranges
are there?

Can you see the car?

How many pieces of
fruit can you see?

The car is hiding.
Can you see the car?

Fruits and Cars was created Auntie Ree and her oldest son Harry. Here is a photo of Auntie Ree and both her sons, Harry and Alfie.
