

Supportive breastfeeding environment

Checklist for your breastfeeding environment:

- ☐ Water drinking station for parents.
- ☐ Comfortable chair for mothers to feed.
- ☐ Private, clean, quiet space to support bonding.
- ☐ Fridge for safe storage of expressed breastmilk.
- ☐ Change table for safe and sanitary nappy changes.
- ☐ Electrical outlet accessible for electrical breast pumps.
- ☐ Bottle warmer or water bath for appropriate heating of expressed breastmilk.
- ☐ Sinks that can be used appropriately for cleaning equipment and handwashing.

If these resources are in other rooms across the centre, orientate families to where they are located for their use.

What do we need?	How will we get it?	Completed?

This checklist can be used as evidence in your assessment and ratings and quality improvement plan.
